

WORKSHOP 3

Accepting or refusing contact with others

Dear parents,

Minipally the mouse came to see me at the daycare today and introduced me to his friend Tickle Rabbit. Sometimes, Tickle goes too close to *Minipally* and tickles him with his big ears. So *Minipally* says, "No, move over!" Me too, I can say "no" when a child does something I don't like. With you, my parents, I'm also learning that the word "come" or a smile means you want me to come closer.
